

## Titan's Free Lead Program!!

Titan Marketing Group prides itself as one of few companies providing a program for **Free & Qualified Leads**. These are exclusive leads that will aide you and your agency in converting **More Business**.

We have several established telemarketing centers around the country that create leads for our agents. They are based on zip code sections that you provide and are all **Double Verified**. This means that your customer is expecting a call and has a genuine interest in speaking with you about Health Insurance. They even know your name and that you will be calling within 24-48hrs!!

Titan Marketing will provide you with 10 double verified leads when you submit two Saver's Choice Applications in a week. **Write 4 apps and we will give you 15 leads. Write 6 apps in a week and we'll provide you 20 leads.**

Currently agents are seeing between 20-30% closing ratios, so we know you'll quickly see the value we offer. We've created a competitive product with signature benefits and bundled it together with a Free Lead Program. Now add on an aggressive commission package, and this makes for a great opportunity.
